

MRA Volume II: Changes for Third Reprinting

When counting lines matrices and formulae count as one line and spare lines and footnotes do not count.

'Line $-n$ ' means n lines up from the bottom, so 'Line -1 ' means the last line.

- Page 195, line after formula (II.4.58): Change first $E(\mathbf{r})$ to \mathbf{r} .
- Page 207, formula below (II.5.18): Change $\delta(\mathbf{L})\gamma(\mathbf{L})^{-1}$ to $\gamma(\mathbf{L})^{-1}\delta(\mathbf{L})$
- Page 305, line -4 of section II.7.2.2: Change 'below' to 'above' and in the next paragraph interchange 'dashed' with 'solid'
